

Dog Park Activators

Rugged and Dependable

For use with our Premium or Value Series Controllers, your Park Activator should be simple and dependable. That's why we offer bullet-proof bollard designs. Choose from vertical, horizontal or wall mount styles with custom graphics. All non wall mount activators built with 304 stainless steel and powder coated with a beautiful baked-on finish.

- Dependable touch sensors
- Easy to install and wire
- Audible tone when touched
- Sensor designed for heavy duty Use
- Horizontal style with custom graphics
- Includes templates and stainless anchor hardware
